## *Our Gown Preservation Promise*

**Free Evaluation.** We will give you a free consultation, and estimate for the care of any fabric, new or vintage.

**Handcleaning.** We clean every gown individually -- never in combination with any other bridal dresses or family gowns. We take every precaution to protect delicate beads, embroidery, and lace during the cleaning process.

**Anti-sugar Stain Treatment.** Spills containing sugar, salt, and acid often dry clear and can turn an ugly brown over time. Our unique anti-sugar stain treatment, featured in *Modern Bride* and *Bride's*, ensures that all sugar, salt, and acid -- seen or unseen -- is removed.

**Personal Inspection.** We invite you to inspect your bridal or other family gown before gown preservation is completed.

**Environmentally-Pure, Lasting Protection.** Your family or bridal gown is layered with acid-free tissue and carefully folded into an acid-free, museum quality, archival wedding chest.

**International Guarantee.** Return your gown when it is to be worn again to any participating Certified Wedding Gown Specialist™ who will inspect and press the gown at no charge.

# Bridal Gown Preservation...

Your wedding gown is the most important dress you'll ever wear – chosen because it, and every detail on it, is perfect for you. After the wedding is over, you want it to stay as beautiful and elegant as the day you bought it. When you choose **Owl Cleaners** to care for your gown, you are choosing the only *Certified Wedding Gown Specialist™* and member of the Association of Wedding Gown Specialists (AWGS) in the Pittsburgh area to clean, preserve and pack your treasured memories.

Our commitment to quality bridal gown heirloom, preservation, and restoration has earned us the endorsement of the Association of Bridal Consultants (ABC). ABC is the oldest and largest group of wedding professionals in the world, making wedding dreams come true since 1955.

You can trust us to give your special wedding or family gown the individual care and attention it deserves.

## MuseumCare™

Tests conducted by National Bridal Service proved our **MuseumCare™** gown preservation was the cleanest, provided the safest museum quality packaging environment, and offered the most comprehensive guarantee for preservation and restoration of all heirloom fabrics such as family bridal gowns, communion dresses, christening gowns, linens, quilts, and doll clothes.

As members of the AWGS, Owl Cleaners are among the first in the industry to offer carbon-neutral wedding gown cleaning and wedding gown preservation, and our **ZeroCarbon™** gown preservations are unique.

## Do You Have a Gown that Needs to be Restored?

Not only does Owl Cleaners preserve new gowns, we also restore heirloom gowns. If your dream dress is a family bridal gown that time has yellowed and stained, don't worry. We specialize in restoring antique and vintage bridal gowns to the true color without damage to delicate fabrics or dyes. We can remove stains and discoloration that ordinary dry cleaners cannot. Call today for a free consultation, because the perfect bridal or family gown for you may be the one in your attic!

Our service isn't limited to wedding gowns, the museum-quality archival storage process is also ideal for:

*Vintage Clothing*  
*Military Uniforms*  
*Quinceñera Gowns*  
*Christening Gowns*  
*Communion Dresses*  
*Quilts*  
*Linens*

....and any textile that deserves expert preservation and care.
